

Punching Machine TRUMPF TRUMATIC 200R

Brand: Model: Type: TRUMPF TRUMATIC 200R CNC Punching

Control: Bosch CC 220

Punching Force: 16.5 t

Max Positioning Speed: 97M/min

Max. Sheet thickness: 6.4mm

Tool changing time (sec.): 1.5-6.5s

Number of toolplaces: 15 tool stations with 2 clamps

Max. workpiece weight (kg): 150

Max. Stroke rate (1/min): 420

Machine 16.5 ton

Dimensions | Width: 6000 mm x Depth: 5600 mm

Standard Configuration:

Machine: • Working range - 2070 x 1280 mm • Stable C-frame for easy access • Co-ordinate guide for high precision machining • Linear magazine with 15 tool stations with 2 clamps • Drives with AC servo motors • Hydraulic punching head • Clutch free, electro-hydraulic ram drive • Hydraulic tool clamping • Chute for parts up to 180 x 150 mm • Vacuum assisted slg removal
